# HIS GLORIOUS SHIELD

Step aboard **His Glorious Shield**, a vast city-ship sailing the frigid seas of Jotungarth, and explore the depths of this gargantuan vessel in this setting guide for Warhammer 40,000: Imperium Maledictum.

## GETTING STARTED

*His Glorious Shield* is suitable as a setting for a new campaign or a location for players to visit as part of an ongoing game. If starting a new campaign, a Patron with connections to the Valgaard family, an Infracionist with ties to the Bilge Lord, or a preacher of the Adeptus Ministorum would be well motivated to investigate some of the plots found here. Alternatively, several of the NPCs presented here would make fitting Patrons in their own right.

### SUITABLE PATRONS

#### TYNAR VALGAARD

The captain of *His Glorious Shield*. A noble seeking escape from the vapid life that was her birthright, Valgaard has absolute authority aboard her ship. Valgaard has the potential to run an efficient and productive vessel, but she has failed to notice the unrest that simmers just beneath the surface. Should she come to suspect that things are being hidden from her, Valgaard may well recruit some agents that will sit outside the usual command structure.

#### THE BILGE LORD

The secret ruler of a portion of the ship's infractionist underworld, the Bilge Lord already tasks many of his underlings with gathering information and exerting his will throughout the ship. A small team of capable individuals could do much to advance the Bilge Lord's agenda, and make themselves a small fortune in the process.
